THE LORD PROVIDES

BY MICHELLE ROSS

How often can we say we have been in a situation, where we have a need so great it seems almost impossible that it would be met? Whether it be healing from a debilitating medical condition; the allocation of somewhere to live; the offer of employment and stability in our finances... the list could go on and on. Our most desperate needs often stretch so far beyond our reach that it seems inconceivable that they could ever be satisfied. We become demoralized, pessimistic and resigned to a negative outcome because of our hopelessness. That means of thinking is often driven by a linear worldview, where we consider what we might receive, based on what we ourselves can obtain. It's simplistic, and doesn't consider the bigger picture of

who we can turn to in times of need. We are reminded of the great works shown in the bible - moments where the Lord fulfilled the needs of His people in desperate situations. The parting of the Red Sea granting the Israelites their escape; the healing of a man afflicted with leprosy; the feeding of 5000 starving people from a small package of food... and most memorably, the gift of Jesus' sacrifice on the cross, for the forgiveness of sin. Each situation speaks to a need, all met by the Lord's continual care for His people, by His love for us. These stories remind us to bring our needs to Him, laying them at His feet, with the assurance that He can, in the most miraculous ways, satisfy our deepest needs, as there is nothing He cannot do. By His power, we can be encouraged to pray bigger, beyond the realm of what we think is possible, because the Lord can and will provide.

A NOTE OF THANKS

BY MICHELLE ROSS

We would like to express our thanks to all those who have prayerfully supported our Christian Union over the recent

years. Now, 2 years on, we marvel at how the Lord has provided for us as we have sought to build a strong presence on campus, and pray for His guidance as we begin our 3rd year of sharing His truth and love with our peers, by His gracious will.

*“And my God
will meet all
your needs
according to the
riches of his
glory in Christ
Jesus.”*

BEACH BBQ AND BONFIRE

BY MICHELLE ROSS

On the 20th of June, our UHI CU held a beach barbeque and bonfire at Nairn Beach. We were pleased to hold this repeated event following its brilliant success last year. Our evening began with the setup of our barbeque, with some of our friends showing off their cooking skills, and providing us with delicious burgers. We all brought along a contribution to the meal, meaning we had a large variety of snacks and drinks. After we were all heartily fed, we enjoyed some time playing games of catch across the sand, and listening to some well known popular songs. A guitar was brought along too, meaning our peers were able to exercise their musical talents. It was great to catch up with one another, to share laughs, and to get to

know each other better in such a relaxed setting. We were fortunate enough to be in the midst of a heatwave, allowing for warm water for the swimmers in our group! It wasn't long before the sun started to set and it was time to light our bonfire. We closed the night by toasting marshmallows on the open fire, enjoying this time of fellowship together, and reflecting on the fun we have been blessed with during CU this year. We continue to give praise to the Lord for His wondrous provision to us, both at this event, and throughout this past year. We give Him thanks that He has brought us together in friendship throughout the past year to serve Him, and we ask for His continued grace to be upon us. We pray He will enable and bolster our future work by His will, as we seek to call this event a 'tradition' in the coming years.
